

PCS Accessibility Plan – Updated January 22, 2026

As a Prescribed Organization under the BC Accessibility Act (2021), Peace Christian School is required to form an Accessibility Plan. As outlined on the Accessibility BC website (<https://bcaccessibilityhub.ca/>), PCS will meet the requirements of the act as outlined below and by posting this plan on the school website.

1. **Committee:** To meet the committee requirements of the Act, PCS is using the committee struck by the Associate Member Society of the FISABC, of which we are a member. On a local level, the Emergency Preparedness and Safety Committee will be dealing with accessibility matters.

2. **Plan:** PCS will take the following steps in 2026:
 - a. Update
 - i. Sidewalk stair nosing with high contrast or warning strips
 - ii. Signage
 1. Bathroom signage with accessible signs
 2. Indoor signage with consistency in design and placement, as well as matte (non-reflective), where possible
 - iii. Sensory Stimulation Differences
 1. Add more noise control options (such as noise cancelling headphones)
 2. Implement auditory stimulation options
 - b. Evaluate
 - i. Adding additional lighting to the main entrance
- 3. **Feedback:** Anyone with feedback on accessibility at PCS is invited to email the principal, Kristin Atherton, at principal@peacechristianschool.ca, or telephone 250-788-2044.
