Cancelled Busses Days

As a school, we are committed to providing the best education possible within our means. Our staff work diligently to plan meaningful learning experiences that support student growth and achievement.

Many of our students rely on bus transportation to attend school. Historically, classes were cancelled when bus service was suspended due to weather, road conditions, or other safety concerns. In recent years, however, the number of these days has increased significantly. Research shows that missed school can negatively affect both student achievement and student well-being.[1]

To help maximize learning opportunities, Peace Christian School will remain open for instruction on days when Standard Bus is not operating. On these days, our focus will be on core academic subjects so that students who are able to attend can continue their learning without interruption.

We understand that some families may not be able to safely transport their children to school. For students who are unable to attend in person, teachers will do their best to provide learning activities that can be completed at home.

For Kindergarten through Grade 6 students, home learning activities can be accessed through the following links:
Kindergarten
Grade 1-2
Grade 3-4
Grade 5-6

Grades 7-12 Learning

For students in Grades 7-12, core academic classes will continue through a combination of in-person instruction and online learning when bus service is cancelled. Please note the following expectations:

- Students who are able to attend school in person will meet as a group for Bible, then report to the classroom of the teacher providing instruction.
- Students learning from home will require a device and internet connection to participate, one per student if at all possible.
- A Chromebook, laptop or desktop is preferred but teachers will make every reasonable effort to provide learning activities that can be accessed on a phone when necessary.
- Students should access their classes through Zoom or Google Classroom, as indicated on the schedule below.
- When joining a Zoom session, students must use a name that staff can readily identify.
- Students are expected to have their cameras on during instruction unless prior arrangements have been made with the teacher.
- Teachers will remain available throughout the scheduled class block to provide assistance, answer questions, and support student learning.

Outside of the regular class blocks, teachers may be emailed with individual questions. Their contact information is here.

Please see the schedule of classes below.

PEACE CHRISTIAN SCHOOL

Gr 7-12 1st Semester Home Learning Schedule 26/27

MONDAY		TUESDAY		WEDNESDAY		THURSDAY		FRIDAY

1 - Articles on students missing school learning

> “Students who attend school regularly have been shown to achieve at higher levels than students who do not have regular attendance.”
> National Centre for Education Statistics

> “A large body of research demonstrates that school absenteeism is detrimental to learning, academic achievement, and educational outcomes. For instance, several studies have shown that missing school, even for a limited number of days and regardless of the reasons, negatively affects students' academic achievement.”
> Elsevier Learning & Instruction

> “Absence for more than 3–4% of total school-time significantly increased the odds of later mental health problems, with greater impact in adolescence.”
> PLOS Journal
